## Timpanogos Elementary Community Council Agenda November 6, 2018

## In attendance:

- Carrie Rawlins Michelle Thornton Megan Seawright Mary Wade Amy Clyde Karen Cushenberry Kari Kolling Eric Chase Meg VanWagonen
  - 1. Review of minutes from September
  - 2. Responsibilities of Community Council:
    - a. Trustland money to be spent to help support our greatest academic need
    - b. Safe Route to School
    - c. Internet Safety white ribbon week and flyer home to parents
  - 3. Share what was presented at district meeting

SMART goals : Behavior goals, positive behavior intervention goals. Money per child will be allocated for Trust-lands budget for next year.

a. Draw a line from what our greatest academic need is to why we are using the money this way

4. Plan for the year

. December 18- Tuesday before Christmas break do we want/need to meet?

a. January 15 & February 19 - Review data from DIBELS and White ribbon week which is in March We will have more data from DIBELS (reading test) at this time.

b. March 19 - Go over data and come up with a plan, Carrie will then draft the plan Decide our greatest need, make a plan addressing that need and set goals.

c. April 16 - vote on plan Third Tues. when we usually meet. May need to meet earlier in order to make deadline. We will meet April 9<sup>th</sup> to have this in.

d. May 21- make any revisions need to our Trust-lands plan

5. Safe Routes to school by Mary Wade Survey sent out to students and parents. Received 30 surveys back. What do we want it to look like in a few years as far as our safe routes and our kids coming to school. Part of it is getting to know neighbors. Neighborhood meetings help. Each neighborhood chair could be informed of what we are trying to accomplish.

The Five E's Have a booth and work with Dixon neighborhood, work with neighborhood chairs. Dixon, North Park, and Timpanogos are the neighborhoods. Possibly set up a 3 neighborhood meeting.

Encouragement Realizing where neighborhoods are, booths set up, walking busses, gathering tables or spots, hold more walk to school days again but from a different locations, 100 mile club with t-shirts,

Enforcement Early crossing guards for breakfast, parking enforcement – intersections,

Education Booth @ neighborhood meetings. Exercise=energy, share resources for idle-free awareness, (addressing inversion), physical activity and stamina study=drop today compared to 1988. Physical stamina transfers to educational stamina. App for walking school bus, walking to school promotes general health overall,

Engineering 900 west cross walk, what to do for southwest corner, painting curbs red, tunnel will be gone next summer. City is still looking at how to cross students, light is too short on 500 w, working on remediating situation. We need a crossing guard on the northeast corner of Dixon field. Changing it to a four way stop instead of a yield sign.

## Evaluating

Equity We would like to see more diversity on our committee and School Community Council. Obesity is across the board. It goes with poverty and healthy eating, etc...

6. Any questions or items that need to be addressed next month?

Vision moving forward:

Our main focus would be the first three "E's". Encouragement may best be started with the students. More data will be gathered to look at and possibly open up the conversation with more of our families. Could we find out the percentage our students walk to and from school? Find out who walks to school and who walks home from school? Make a Google form for teachers to fill out about how their students get to and from school.

What we can do:

More walk to school days

100 day walk to school club (t-shirts)

Getting them here early for breakfast

Start sending home information to help educate parents about walking to school

Walk to school with teachers

Assembly: to spark kids to be excited about walking to school

Do we want to have a meeting next month? Mary Wade would love to have a follow up meeting, a short  $\frac{1}{2}$  hour meeting on Dec. 18, 2018 at 3:30.
