Timpanogos - NEEDS ASSESSMENT SUMMARY FY24
FY2023 EOY Data Summary - Please provide a brief summary of your school data analysis \& identified needs
Date(s) of data analysis team meetings: June 7, 2023, June 20-21, 2023, July 5, 2023, August 9, 2023 (reviewed needs and plan with teachers)
Team members: Allison Ferguson, Carrie Rawlins, Kate Pace and Pahoran Marquez (shadow intern)

| Data Source |  |  |  |  |  |  |  |  |  |  |  |

Summary: Overall our school went up 4\% in proficiency. We had a large number (38) of new to the country students which affected our EL proficiency and our overall proficiency due to the sheer number of NTTC students.

Need: Looking at the data, we noticed that our 2nd grade dual students went up 10\% in proficiency from 1st grade. 3rd grade dual students also went from 48\% to 63\%, a 15\% gain. 6th grade English only classes went from 48\% to $59 \%$ proficient, an $11 \%$ gain. 3rd and 6th grade ML students saw significant gains.

We see a need for extra support in reading in the English only classes, as generally, they have a lower percent of their class proficient.
fy24 Goal(s): We would like to increase each grade level's proficiency by $5 \%$. We would also like to increase our overall proficiency from $62 \%$ to $67 \%$.

| Question | Data Source | K | 1 | 2 | 3 | 4 | 5 | 6 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Is our core instruction effective? <br> -Effective is defined as at least $80 \%$ of students meeting grade level benchmarks from core instruction alone. | -Percentage of Students At or Above Benchmark Combine Green \% and Blue \% | 89\% | 57\% | 64\% | 56\% | 52\% | 57\% | 59\% |
| What percentage of students who were at or above benchmark at the beginning of the year (BOY) are at or above Benchmark at the end of the year (EOY)? (Tier 1) <br> -Should be at least 95\% of students. <br> Blue/green stayed there | -Combine Green \% and Blue \% for Benchmark -Combine Green \% and Blue \% for Above Benchmark <br> 263 of 283 students 93\% | 97\% | 87\% | 98\% | 93\% | 98\% | 87\% | 92\% |
| What percentage of students who were Below Benchmark at BOY are Benchmark/ Above Benchmark at EOY? (Tier 2) <br> -Should be at least $80 \%$ of students. <br> Yellow moved to Blue/Green | -Combine Green\% and Blue\% for Below Benchmark <br> 38 of 61 students 62\% | 100\% | 54\% | 43\% | 71\% | 33\% | 65\% | $\begin{aligned} & 0 \% \\ & \text { (0 of 2) } \end{aligned}$ |
| How many students who were Below Benchmark at the BOY are now Well | -Red\% in Below Benchmark column | 0\% | 3\% | $\begin{aligned} & 14 \% \\ & (1 \text { of } 7) \end{aligned}$ | $\begin{array}{\|l} \begin{array}{l} 14 \% \\ (1 \text { of } 7) \end{array} \end{array}$ | 0\% | 5\% | $\begin{aligned} & 50 \% \\ & \text { (1 of 2) } \end{aligned}$ |

|  | Below Benchmark at EOY? (Tier 2 \& 3) <br> -Should be 0\% of students Yellow moved to Red | 8 of 61 students$13 \%$ |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | What percentage of those who were Well Below Benchmark at the BOY are no longer Well Below Benchmark at EOY? (Tier 2 \& 3) -At least $80 \%$ should no longer be Well Below Benchmark Red moved out of Red | -Below, Benchmark Above (add yellow, green, blue\% from red column) <br> 105 of 224 students 47\% | $95 \%$ | 54\% | 36\% | 42\% | 26\% | 38\% | 5\% |
|  | Summary: We noticed that a high percentage of students who are yellow or red at BOY did not move to proficiency. <br> Need: to look at interventions are the yellows getting and how can we improve and focus on these yellow students, Our red kids aren't moving out of red enough, we need to look at both of them- right interventions? quality intervention? intensity needs to be increased, <br> fy24 Goal(s): We want $80 \%$ of our students who are in yellow to move to green or blue by the end of the year. Each teacher will choose 5 yellow students at the beginning of the year to focus on, and provide monthly reports of how they're doing. |  |  |  |  |  |  |  |  |
| Acadience Progress/POP | Our fy23 goal(s) were: We wanted the whole school to be at $75 \%$ and we met that goal. <br> Data analysis: |  |  |  |  |  |  |  |  |

## Summary:

This year, we used the WIDA growth chart (EL Adequate Progress Targets) to identify which students made their growth goal. Teachers identified this by using the report from Data Gateway.

As a school overall:
66\% met sufficient growth
$7 \%$ made minimal growth
$27 \%$ made no or negative growth
Four students scored at least a 5 on ACCESS this year, as compared to 7 students the year before.
24 students scored 4.5-4.9, barely missing out on passing the ACCESS test. 15 of the 24 are 4th and 5th grade
$\left.\begin{array}{|l|l|}\hline & \begin{array}{l}\text { students. } \\ \text { With new Data as 4.2 as a cut off for exiting ELL status-we have } 38 \text { who have passed out. } \\ 6 \text { 6th grade is a concern. | Male (whole school) | $83 \%$ | $77 \%$ |
| :---: | :--- | :--- |
| Caucasian (whole school) | $88 \%$ | $82 \%$ |
| All Other Ethnicities (whole school) | $90 \%$ | $87 \%$ |

We had 447 office referrals and 924 minor incidents reported during the FY23
Summary: We have more male students with behavior incidents than female students, thus it's externalizing their behaviors. There is some inconsistency amongst teachers in reporting incidents and sending students to the office.

SET Survey showed 63\% in Monitoring and Decision Making- Recommendations: share Educator Handbook Data with Faculty and Staff 3 times per year at Faculty meeting- Oct, Feb(after SEPs), Apr; post "Tigers Give me 5" in hallways and Cafeteria; Share Educator Handbook Data weekly at SST meeting

Need: We would like all teachers to report behavior incidents consistently. We will have a Wellness Room and a behavior specialist, who will help train teachers on how to appropriately identify and respond to minor and major incidents. We hope that this will help with consistency. We also feel like the Wellness Room will be preventative with certain students to help them learn to regulate themselves before they make poor choices that affect themselves and others.
fy24 Goal(s): We would like to reduce the number of office referrals by $20 \%$, which would be about 89 referrals. We would like to share Educator Handbook Data with Faculty and Staff 3 times per year at Faculty meeting- Oct, Feb(after SEPs), Apr
